

Raptor Art by Dean L. Hohn

General Information:

Raptor Art Works are created from digital photo-artistry images printed in a sublimation process on aluminum. See the example of the framed **Wedge-Tailed Eagle Art piece** in the Raptor Care Visitor Center.

In the sublimation process, the digital image is baked into a special coating on the aluminum such that they are UV resistant, scratch resistant and washable with soap and water gently with a microfiber cloth.

The completed image is contained in an art box frame and is ready for hanging in your home or office.

Your completed Raptor Artwork will be shipped directly to you and the shipping cost is included in the sale price.

Sale Price for each image is \$1500. The sale price includes costs and a sizeable contribution to Raptor Refuge.
